### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The limitation of claim 1 which requires a fuel source which exists in a liquid state at normal atmospheric pressure and temperature, a separator means for heating the liquid fuel and supplying a mixture of vaporized lower boiling temperature components of the liquid fuel and atomized higher boiling temperature components of the liquid fuel to the engine, is not suggested by the prior art.

The limitations of claim 23, which requires a separator for supplying a mixture of vaporized lower temperature boiling components of fuel and atomized higher temperature boiling components of gasoline to the engine, is not suggested by the prior art.

The limitations of claim 44, which requires the heating element means is maintained at a predetermined temperature for vaporizing the higher volatility components of the atomized liquid fuel, is not suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
